Early career scientists giving talks at the ISME – Micro Seminar in 2020

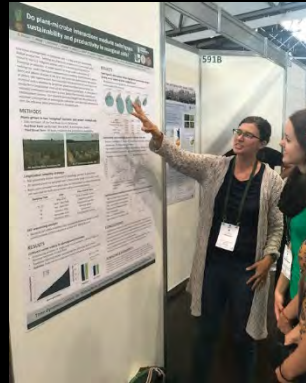

ISME18 'info session' @ Joint Genome Institute meeting (3/20) was unfortunately cancelled due to COVID19

The San Francisco Bay Area submitted a proposal for ISME 2024 that brought together a consortium of >30 institutions (although not successful)

A gathering of NanoSIMS microbial ecologists after ISME 17

E. Nuccio presenting her poster about transcripts in the rhizosphere at ISME 17

Dr. Antonio Leon-Reyes's team of plant-microbe ecologists was planning to attend ISME 18 (hopefully they can come in 2022!)

Environmental and human microbiome symposium at the Univ. San Francisco de Quito, Ecuador
